HOW IT WORKS: At Big Brew 2024, **we are asking you to raise £350** - the minimum amount we match to fund a community store. Every full brick on this shop poster represents £10 raised today to help get another store up and running. You can get there faster by pledging **£5 for half a brick or £10 for a full brick** by writing your name on a brick and donating – see how many your community can fill in to reach your £350 goal!
